THE STORY SO FAR

Together with Suruga Kanbaru, Koyomi Araragi is able to successfully save Nadeko Sengoku from a "snake" aberration, though not without a struggle. It is now June 13, and life is peaceful once more, causing Koyomi to recall the events of the spring break that began it all. That spring break was a time of firsts—his first meeting with Tsubasa Hanekawa, his first encounter with the wound-covered vampire Kiss-Shot Acerola-Orion Heart-Under-Blade, and the beginning of the living hell that only just ended for Koyomi...

MAIN CHARACTERS

Koyomi Araragi

A boy who one day encountered a beautiful yet wound-covered vampire. The protagonist of this story, who now looks back to tell its tale of wounds.

Tsubasa Hanekawa

Koyomi's classmate and an honor student that no honor could sufficiently describe. When she happens to meet Koyomi, she begins to feel concerned and goes out of her way to talk to him in hopes of becoming his friend.

Kiss-Shot Acerola-Orion Heart-Under-Blade

A noble, haughty, beautiful, iron-blooded, hot-blooded, yet cold-blooded vampire. She seeks help from Koyomi when he happens to pass her by on the ground, covered in wounds and with her limbs torn off.

You may be thinking, "You're dragging this Hanekawa's panties thing out way too long."

...And I wouldn't fault you for that.

...then my life surely would have ended here.

But you see, if I hadn't recalled Hanekawa's panties...

One might say I'm deeply indebted to Hanekawa ('s panties) for that.

Kiss-Shot Acerola-Orion Heart-Under-Blade...

"It is only right for monsters to be exterminated."

SHHHINK

...

What's that sound?

...

I...

can only answer with what I know.

No need to worry. Depending on your answer,

you just might find out what it is, whether you want to or not.

But the difference between a man and a monkey...

...is a thumb.

This difference is critical to being able to handle tools.

The human thumb has a muscle that monkeys lack. That muscle, known as the extensor pollicis brevis, allows humans to hold objects.

Because of this,

mankind lost what we call "pain."

Because tools don't know pain.

Fangs.

Claws.

Living creatures are equipped with their own kinds of powerful weapons.

They evolved to protect themselves from enemies and to feed on other lives.

Or physical abilities— or wings, or scales, or shells, or horns, or... venom.

No matter how powerful they may be, they are still a part of the body. Using them excessively brings about pain.

...That is why animals avoid unnec-essary conflict.

But using these weapons comes with a risk.

Now that they could kill their opponents without any risk, they could continue slaughtering without end.

But by equipping weapons *outside* of their bodies, humans forgot the meaning of pain.

All life on this planet is being subjected to the harshest trial in its history—and it's all because of a pair of thumbs.

The appearance of humans must be nothing short of a calamity for other living creatures.

That is indeed what makes us humans.

Just as power is what makes a god a god.

Very good.

It seems you're a wise woman.

In that case,

let's say someone maintained the intelligence and strength of a human—while acquiring weapons as a part of their body.

HOW WOULD THAT MAKE THEM DIFFERENT FROM A HUMAN?

...

You're not... one of *them*— are you?

You have shadows... And it seems like you're fine being in the sunlight...

Gotta love it.

If ...

someone like that did exist...

CRUNCH

...they would still be a human being, but one that knows "pain."

CRASHER

...they would be kinder than any other.

And I imagine ...

I bet they'd save all kinds of people.

They'd save humans and non-humans alike—

It's not like I believe what Kiss-Shot said— not all of it.

...when she was at full power, right...?

But those guys took Kiss-Shot's limbs...

Fool!

Ab-er-ra-tion!!

The aggra-vation slay-er?!

Are you so short-tempered that you kill anything if it so much as annoys you?!

As much as I hate to admit it... I was utterly unprepared.

I blundered only because there were three of them.

So...

Doesn't that just mean... they're even stronger than you?

I'd presumed I could take even three of their ilk together...

... Huh ...

... These are just sounding more and more like excuses...

And I felt a bit absent-minded as well.

I think I was unwell, too.

Hah!

In any case, faced one at a time, those three pose no problem for thee.

I should've said they're her problem, not mine.

Guys like that aren't *supposed* to be a problem for me in the first place...

They pose no problem for me...?

Oh?

This guy just went straight into the *NAUSICAA OF THE VALLEY OF THE WIND* NO-PANTS CONTROVERSY with me...!!

Sheesh.

They're just drawings, you know.

SHUT UP! THAT'S WHY THEY'RE SO IMPORTANT!! IT'S NOT JUST THE DRAWINGS YOU CAN SEE, IT'S WHAT'S BEHIND THEM, TOO!!

AND WHEN YOU CONSIDER THE SCENES BEFORE AND AFTER THE ONE IN QUESTION, IT DOES MAKE IT LOOK LIKE SHE'S NOT WEARING PANTS!

SURE, IT'S HARD TO TELL BY THE WAY IT'S DRAWN! YOU COULD SEE THEM AS FLESH-COLORED TIGHTS...

STILL...! YOU CAN'T DO THAT, RIGHT?! I MEAN... NAUSICAA RIDES A MEHVE...

EVERYONE'S GONNA LOOK UP IF YOU'RE ON ONE OF THOSE!

THAT MEANS MITO AND EVEN LORD YUPA WOULD SEE NAU...

AA-AHH !!

YOU KNOW, WE'LL JUST CHALK IT UP TO CULTURE! YEAH, IT'S A DIFFERENCE IN CULTURE!

I can't believe you two. Is that all I am to you?

I do recall him from some-where...

It seems thou hast found a kindred spirit, but who exactly is this fellow?

Ser-vant.

IT'S OSHINO! JUST "OSHINO" IS MORE THAN ENOUGH FOR THIS GUY! NO TITLE NECESSARY! HE DOESN'T DESERVE YOUR RESPECT!!

You see ...

At times, I'm a mysterious vagabond.

At others, I'm a mysterious traveler.

Every now and then, I'm a mysterious wanderer.

On occasion, I'm a mysterious troubadour.

And sometimes, I'm a mysterious nomad of the high sort.

Mysterious through and through, then.

...What are you here for?

...Why do you want to save Kiss-Sh— why do you want to save us?

I get that you're not our enemy.

But you don't seem like much of an ally, either.

Suppose that's only natural when I've got no intention of saving you.

Ha hah —

I'm just trying to balance things out.

Oshino began to explain at last.

So, her mere presence in a given location causes the balance between this side and the other side to crumble— apparently.

Kiss-Shot's very *existence* — is a little too powerful.

As a self-described specialist in balancing things,

Oshino said that his job was to stand as a neutral party to help negotiate between this side and the other side.

Boy.

"Exorcisms, hunting— that's not my style.

I'm a pacifist" —Oshino concluded.

I care not for interlopers.

Inter-loper?

I'm the farthest thing from one.

Just said I'm neither friend nor foe, didn't I?

I only stand in between the two sides.

Whether you get saved or not is up to you two.

...who exactly is this guy, then...?

Um... So...

Still ...

I gotta say, I like how you do things, Heart-Under-Blade.

You made Araragi your thrall, but you intend to turn him back into a human.

—Right?

...

Oh.

Of course, this would be work for me— I don't do this for free.

Let's see...

How does two million yen or so sound?

TWO MILLION ?!

TUH —

You haven't even started to tell us about your exact plan, and now you're talking like some shady salesman...?

H-Hold on a second!

And you know... This Oshino guy...

That has to be a lie!!

He claims he just happened to be passing by, but...

TAKING ON THAT KIND OF DEBT AT MY AGE IS ENOUGH TO SINK MY ENTIRE FUTURE!

No idea at all... Not even the slight-est...

YOU DON'T KNOW WHAT IT'S WORTH, BUT YOU KNOW WHAT A LOAN IS ?!

ME ?!

I'm sure my servant will prepare the sum even if he must take a loan to do so.

Hmph... I cannot ready any human currency for thee, nor do I know the value of such an amount.

Kiss-Shot began speaking.

It was about last night.

I cannot imagine those hunters simply agreeing to negotiate.

All I can do is bow my head and ask them nicely.
...In good faith, too.

HA HAH.

Though it will involve taking on quite a bit of risk on your part.

If we're lucky and they *do* listen, *the game* will be on.

Huh?

I have been resolved to do so from the start.

That goes for me, of course— and my servant.

They won't be a problem for him if he faces them one at a time— that's your read on things, right?

In short, we're gonna split those three up.

Li'l Heart-Under-Blade.

She decided ... that I was also resolved to do so without my input...

Extermination

The details are a trade secret, but...I'll ready the playing field.

It would be a little unfair— if Araragi, a *freshly-minted* vampire, had to take on those three battle-hardened veterans at the same time.

...Oshino. I'm grateful, but...

C'mon. What're you doing there?

Honestly, though... I showed you this abandoned cram school,

I even constructed a barrier to hide you from those guys. I think I've done more than enough...

...But maybe we're also tied together by some kind of fate.

This isn't a cigarette.

It's *homa*.

Don't worry. It just looks like this because it's more convenient that way.

Oh... This?

So it relates to that monstrous SUV?

Like incense or something...?

...Homa?

Apparently, *homa* is something that's used in esoteric Buddhism as a tool for making offerings.

How does a vampire know about Hummers...?

...only when an aberration was *right there*.

but Oshino lit his cigarettes—or what looked like them...

It'd be a while later until I learned this,

...probably protected him, a regular human, from the *bad things*.

Unfortunately, I do know what you're talking about.

I clearly acted like a guy who knew her panties like the back of my hand.

Even after you stared at them like that...

Don't act like you're from a different culture.

You mean those articles of clothing that are used in this country to protect one's lower body against the cold?

About what?
Hey.
Wait!
You walk so fast.
She's cool like that.
Reading that aikido book took longer than I thought.
...I need to hurry.

...

What kind of small talk is that?

Araragi, what did you study today?

Hmm... Well...

Right— here goes.

...studies during spring break!

No regular high school boy...

I haven't studied any-thing, duh.

Huh ...

I focused mostly on math.

Five. Hun-dred.

she knows her times tables up to five hundred.

If the rumors are true,

"Okay, what might we do to get rid of bullying?"

...

...Like I'd know!! This is supposed to be small talk! Spare me the heavy stuff! She'd toss me that without any sort of advance prep?!

"I know that's pretty heavy, but Araragi, we've got to start somewhere. Like they say, Lourdes wasn't built in a day."

"You mean Rome wasn't—"

Wait.

Didn't "Lourdes" also mean "heavy" in French? A clever one, wasn't she. She ad-libbed that?

"...Um, for starters, placing security cameras throughout a school should get rid of outright bullying at least?"

It wouldn't address the cause, but it'd surely wipe out the effect.

"Hmm. It's not bad as an idea, but there's still the issue of privacy. What about locker rooms?"

"Guh."

She'd pointed out a major flaw in my plan. People do get bullied in locker rooms. In fact, private spaces pose the highest risk.

Despite being a washout, math was the only subject I was good at, but that didn't mean I was at a level where I could discuss it with Hanekawa.

"Unfortunately, all I did today was study Spanish."

"Spanish? ...Hunh. Too bad. I don't know much Spanish."

"Oh. That really is too bad."

"Yeah. Just enough for basic conversations."

...So she could handle basic conversations...

"Anyway, who cares what I studied. Every day is a new lesson for all of us. Let's think more...about...um...yeah—How to make society a better place."

"You're absolutely right about that, Araragi."

I wasn't just talking about the girls' locker room, you know.

DRAT !!

TEE-HEE

As the person who came up with the idea, I'll take responsibility for checking the videos of the girls' locker room.

Okay, I got it.

Fine, then... I'll let you check the videos of the boys' locker room, so just pretend that I never said that!

NO, THANK YOU!

Hane-kawa ...

犬
大農産業KK

...must not realize it now—nor will she ever—

but she saved my life.

Hanekawa saved me.

That's right.

It was because of this moment ...

...that I decided to continue being human.

CRASHED

And wait —

What are you doing out here at this hour?

Do you live around here?

No, nowhere near. I was taking a stroll

and wondering if I might be able to meet a vampire.

A part of me is really hoping I will.

...Yeah. That's right.

He's right in front of you.

...?!

At the station.

At first... I thought it was just a rumor.

But I may have met a vampire already.

I was stopped by people who seemed like they might be vampires.

They were foreign, and one was a blond hottie.

It was weird. He carried around this gigantic cross.

The other looked like a priest or something, but he seemed kind of suspicious.

Of course, they seemed to be fine out in the sun, plus they had shadows.

I doubt they were vampires, but...

TH-THMP

Hm... How do I put it...?

They seemed—very close to it.

TH-THMP

It made me feel like there might just be a real one closer to me than I think.

.....

Ah...

...Um... Sorry. ...Did I say something that touched a nerve?

No.

HUNH...?

AH

Listen up, Araragi.

Aberrations are like a kind of magnet, you see.

I guess you can say...they *attract.*

Not just anyone... But if you meet the right conditions,

then you get *mixed up* in their magnetic field.

Become **The Aberration Slayer's** thrall, and you'll be pretty powerful in that way as well.

—No.

You're the one who gets on my nerves.

?!

…

You piss me off.

I'm sick and tired of you.

I don't know if this is some way for you to get good letters of recommendation for college, but what do you think you're doing talking to a washout like me?

You might enjoy whatever feelings of superiority you get from this,

but the sight of you standing there feeling sorry for me is unbearable.

It felt like I was abusing a kitten.

It couldn't have felt worse.

In other words.

But—

it was fine.

...A ...Araragi? Why are you saying these things all of a sudden?

Weren't we having fun talking just a second ago?

It wasn't fun for me at all.

I was pretending.

My feel-ings don't matter.

I was only after your fortune.

I went and cracked a joke.

...Crap.
